HKU Faculty of Dentistry Internship 2018

Colgate Dental Management Associate

Colgate is the leading oral care brand in the world. Colgate-Palmolive, It's mother company, employs more than 40,000 people in over 200 countries, and provides quality consumer products in Oral Care, as well as Personal Care, Home Care and Pet Nutrition. Colgate people working around the world are committed to three core corporate values: Caring, Global Teamwork and Continuous Improvement. These values reflect not only in

the quality of our products and the culture of our company, but also in our dedication to serving the communities where we do business. Colgate -Palmolive (H.K.) Ltd. was set up in 1958. Over the years, it has been a proud partner of Hong Kong University, Faculty of dentistry supporting a variety of academic initiatives. The HKU Faculty of Dentistry-Colgate Internship Program has been implemented since 2010 with great success where students have had the opportunity to experience the business side of dentistry.

What's in it for you?

Schoen Lee

BDS, Class '17
(Colgate Intern 2017)

This internship gives me a taste of working in a corporate. Colgate provides wonderful opportunities, I have gained a more in-depth understanding of the dental industry through HKIDEAS and factory visit. Clinic visits and sharing from senior dentists were inspiring! Colleagues in Colgate are surprisingly fun to work with and this summer is definitely well-spent.

Surgery Observation

Factory Visit

Clinic Visit

Meeting with Seniors

and more...

Thomas Kan

BDS, Class '20
(Colgate Intern 2017)

This program enables me to try handling various projects and put the things I learnt at dental school in use. These three weeks flew by, and I am grateful for all the people I have met, including the wonderful people on the Professional Oral Care team, as well as the dentists, who have shed light on helping decide what I wish my future path to be. It was surely memorable!
